US EPA RECORDS CENTER REGION 5

467722

November 17, 1978

The Honorable Joseph J. Zahorec
Mayor, City of Lorain
Lorain City Hall
500 West Erie Avenue
Lorain, Ohio 44052

Dear Sir:

An inspection of the progress of restoration work by the City of Lorain at the Cromwell Park site was made November 14, 1978, 10:30 a.m., as per request by U.S. Steel Corporation in a letter dated November 2, 1978, directed to you.

The inspection report indicated that about three or four weeks of grading and covering the closed landfill site is necessary to comply with the Ohio Environmental Protection Agency law regulations.

Immediate steps must be taken to comply with the closing section of the law as the City is at least a year behind in its agreement with United States Steel Corporation.

Sincerely,

Louis B. Odenweller
Chief Environmentalist
